10. The club has been requested to file a questionnaire to AMA for the FAA. this is due to the requirements of the FAA Reauthorization Act of 2018. Any club flying in controlled air space needs to have a letter of agreement with ATC. The good news is we are not in controlled air space. Toby requested that the club add his field as our second site. He will pay the AMA fee for this and it will give us a back-up field. The club agreed and Toby will file the paperwork to have his field added to our AMA Info. Don will be filing the AMA forms as requested by AMA.
11. The latest FAA rule is that we have to have our FAA number on the outside of our planes. You can follow the link on our website to register.
